

Newman 's Canonization: The Miracle

"Melissa Villalobos woke up on May 15, 2013, to find herself in a pool of blood "

Bleeding had been noticed some weeks earlier during the first trimester of her pregnancy: the placenta had become partially detached from the uterine wall, and there was a hole in the placenta that was allowing blood to escape.

Here, in her own words, is the story of her devotion to Cardinal Newman and her healing through his intercession.

"She recommends going online to read from Newman's canon, which encompasses everything from personal letters to the *Apologia Pro Vita Sua*, starting at NewmanReader.org, a resource from the National Institute for Newman Studies."
